STÄHLI
FEELING FOR FINISHING

Precision Plate Flatness Gauge

For the precise measurement of fine grinding, lapping and polishing wheels. The higher quality requirements with respect to flatness of work pieces which have to be lapped or polished led to the design of a precision straight edge. Consistent control of the wheel flatness is indispensable for the quality system and avoids time consuming correction.

- Three dial gauges with resolution to 0.001mm
- Easy to read 58mm diameter gauge face
- Analog or digital
- Lightweight for ease of use
- Metric or inch
- Adjustable gauge location
- All plate sizes
- Works on single and double sided machines

SPECIFICATIONS

Metric or Inch analog gauges

Digital available upon request

- Gauges require corresponding granite table for calibration
- Granite surface plates available upon request

YOUR CHALLENGE IS OUR SPECIALTY
Fine Grinding, Flat Honing, Lapping and Polishing

Stahli is a worldwide leader in the manufacturing of precision flat honing, lapping and polishing machines. Our name is synonymous with the highest standards of performance, power, automation, productivity and efficiency for customers in such diverse industries as automotive, electronics, aerospace and ceramics. The dynamic design of our ultramodern machine line ensures precision and reliability. Stahli: always user-friendly; always environmentally sound.
